The Premises:

It's looking much more homely since my previous visit ten days ago when it seemed a bit Spartan.

I was greeted by security which is a personal bugbear of mine, although the Palace are fully aware of my fragile mental health and normally pretty good about reducing security visibility when I arrive. This time my paranoia surfaced when confronted by a young fella at the door. My thanks to the receptionist for assuaging my fears and persuading me to stay.

The Lady:

Ravina is a very pretty, petite girl with a honey-coloured complexion and long straight hair. She has a perfectly symmetrical face: a straight nose and nice teeth framed by shapely lips and beautiful sparkling big brown eyes that readily produce a glowing smile. She's early twenties, very slim and perfectly formed with a lovely little figure, probably a size 6 to 8.

The Story:

Initially I booked for a one hour session, but returned three hours later for round two.

I first saw Ravina several months ago on a whim. It was a plan B situation that particular day, which she successfully salvaged and made all the more memorable because she made me climax. That's unusual for me on a first punt with a new lady and I was so impressed I decided on a repeat visit.

A damn good thrashing was what I ordered. And I that's exactly what I got. Many girls lack the inherent second-guessing abilities associated with domination, and I find pro dommes a bit hit and miss too. Not Ravina. She's a born natural. Great fun, eager to please and good value for money if hardcore CP is your thing. Long may she reign. I haven't had a spanking this good at the Palace for about three years.

Today I can't sit down without an audible wince - each time invoking a delicious reminder of yesterday's dazzling double encounter. My arse resembles a butchered carcass and I shall relish showing off Ravina's handiwork to my envious pals, while continuing to enjoy the visual reminder of such an exhilarating session.

Full marks for a thrilling service. I shall definitely be returning to see this lovely lady and have no hesitation in recommending her as a cracking little top. Well done, princess.
