The Lady:

Website photos are accurate, although you can't see her face which is pretty. She is an attractive girl and looked good. What you can't see from the website photos are her tattoos. A small one on inner thigh, one on her foot, and her back is basically covered in tattoos, so if you are not into tats it could be a bit off-putting.

The Story:

Picked this girl largely due to good reviews on the Bubbles websites, but have to say my experience was disappointing. Jo turned up, dressed nicely and looking good. I don't know if she just took an instant dislike to me but she seemed frosty right from the off. Tried to have a bit of a chat in my lounge before going through to the bedroom but she was hard work, and I got the instant feeling I had made a mistake in my choice.

Went into the bedroom, got undressed. She asked what I liked and I suggested we just cuddled up in bed. She got into bed and lay on her side with her back to me!! Not exactly the sort of cuddling up I had in mind. Anyway, got her to turn round after a while as she obviously was not going to do it on her own accord, we had a bit of a kiss but hardly French kissing which I had specifically asked if she did, and she had said she did. Gave me some oral with, OK, was turning me on. Asked her to stop as did not want her to go too far and she just ignored me. Twice. Had to firmly pull her off my cock at which she had the temerity for giving me a hard time for being too rough.

Suggested we had sex but she said she was dry downstairs (thought that is what KY was for!). Was about to go down on her but she said no, at which point she commented, correctly, I was not hard (not really a surprise the way the evening was going). So she ended up giving me a half blow job, half hand job to completion. Then left shortly after, 20 mins early.

Can't actually think of how it could have been worse. About as far from GFE or PSE as it could be,

and I certainly would not recommend.
