The Premises:

Located in a flat about couple minutes away from Marble Arch tube station. Very nice, clean, and in a safe area.

The Lady:

My perfect type of woman i.e. short (under 5 foot), nice round boobs, cute bum, and petite. She also has 2 small tattoos on her lower back which is bonus for me.

The Story:

I was looking for someone who was enthusiastic especially with kissing, and would naturally take the lead, and Maria was perfect.

When I arrived I was very nervous but she put me to ease straight away with her smile and complements, then led me to her room, where she started to deep kiss me.

We got interrupted a few times in the beginning, but I didnt care as I knew this was going to be great, and she also insisted she would give me extra time (which she did).

After more kissing, I asked for a shower, and she gave me a great assisted shower, with lots of fingering, kissing, and brief OWO.

Back in the bedroom, more kissing, and into a 69. Now usually I am not really sensitive to oral at all, but with her i just couldnt hold back, she really drained me.

Had a short break where we had a quick drink, before she told me to give her oral, after a while she brought out her vibrator and we kissed until she came, and directed my hand down there to see how wet she was.

We had a nice cuddle and I helped her with couple things on her phone, then she gave me more OWO to get me hard again. We spooned, doggy, and then missionary with her legs over me shoulders until I came hard again.

Throughout all this there was always deep kissing, fingering, and licking.

She's amazing and made me promise I would come back, which I definitely will.
