The Premises:

A new apartment in the Cardiff Bay area. She claims to be from Manchester & therefore this is not her usual address. She gave me a totally incorrect postcode & did n't know the location address so I spent an hour trying to find the place. Not a good start & I should have turned around & gone home there & then!

The Lady:

Slim, good looking black girl, approx 5'4", enhanced tits. She said she was from Paris but I suspect she is of African decent. Dressed in Stockings as requested.

The Story:

I suppose I was n't in the greatest frame of mind by the time I arrived but initial impression was nevertheless good. However once we started it became clear that there was no DF kissing, no uncovered oral & no A on offer (unless I paid another ?50) despite these services being advertised on her profile. What really pissed me off was once she did get on top of me her phone rang & she stopped mid stream to send a text to her next punter. This girl was just not interested in me & this was purely a money making exercise for her. I finished off as quickly as possible & left after 25 mins, despite paying for 1 hour. When visiting a new girl, you sometimes get a great win & you sometimes totally waste your time & feel ripped off. This was definitely in the latter category! Do n't waste your time & money guys.
