The Premises:

Good quality venue, plenty of space. Lounge/ kitchen downstairs for socialising and the bedrooms upstairs for the action.

Area is okay, located on a bus route, near Olympia. Like any part of London you need to be careful when out at night and, unfortunately for me, I was assaulted on the way back to the tube by a group of youths. Thankfully, nothing was taken but a black-eye and other cuts and bruises took the shine of a lovely evening.

The Lady:

Tina; dark, elegant with a fantastic firm body

Emma Louise; beautiful English rose with a great personality and very easy to get on with

Nicole; lovely girl but I didn't get an opportunity to play with her

The Story:

I've been to Pams Parties a few times now and they are always very good, offering excellent value for money and a chance to socialise with your fellow punters. I enjoy the chat almost as much as the sex! Well, I did say "almost".

When you arrive you are shown where to change and you get a towel or robe to hide your modesty. Showers are available if you want one.

While everyone was waiting for the party to start I was chatting with Tina and shortly she took my hand and led me upstairs. I was in for a treat... Tina is a sight for sore eyes and seeing her strip off before getting to work on me was a pleasure. Emma Louise then joined us and her perfect breasts were rubbing against me, she took over from Tina and made sure I had a good time.

I played with Emma twice more before the night was out. She is a cracker and does all she can to tease and please. Our finale was in the lounge and that concluded a great party. Thanks Emma!

I left the party very happy and will be back - though next time I'll be more careful walking the streets
