The Premises:

Easy to find, clean basement flat near the Exhibition centre, and a couple of minutes walk from Earls Court tube. Very safe, with a discreet entrance. Shower facilities available.

The Lady:

She's stunning! Gorgeous Polish girl, about 5'5", with a very pretty face and long dark brown hair. She's given birth, and so has lost her pregnancy weight now (see FR 102812). Her (enhanced?) breasts are large at 32G with gorgeous suckable nipples, and lots of milk at the time of writing.

The Story:

Lucy greeted me in a silk dressing gown low-cut to reveal her stunning breasts, and a gorgeous pair of high-heels. Underneath which she was wearing stockings, suspenders and a nursing bra, as requested. We sat on the sofa for a few minutes and chatted, before I handed over the cash. We then moved to the bed, Lucy removed the dressing gown, and unclipped the bra cups. She had loads of milk, to the point where we got some auto-streaming going on. I had a lovely milky tit wank, before she got on top of me for sex, and I was surprised by how tight she was. The size of her breasts meant I could carry on sucking whilst she rode me, which was amazing.

After I came, she stayed on top of me for a while, which was a real treat. I can't normally manage twice in an hour these days, but Lucy had me hard again in no time, and I got her to spray milk on my cock whilst I wanked myself to a second climax.

Expensive but worth it. She did say she might stop feeding her baby pretty soon, so I'd check this with her before you book, and book soon!
