The Story:

tried so very hard to see this girl, location and specific service was what i needed.

agency man very helpful, but the girl spoke so little english, it was impossible for him to pass on her address details. i hung around for half hour exchanging calls and texts but was unable to get better directions than guesswork from the agency looking at photos on google maps to tell me where it should be !

i dont know how she apparently agreed to offer services other than by saying 'yes' on the phone to everything, imagine a different story once inside and the 'dont understand' trick coming into play. trust that feeling lads, when things dont flow, keep the cash and punt another time. lesson learnt. calm helpful agency.
