The Story:

Quite possibly the best punt I've ever had.

Met her in the kitchen while the room was being prepared and immediately i was struck... Amazingly cute!

Then later when she came into the room she started kissing me with the softest lips while practically tearing my clothes off and was very soon down on her knees where those beautiful lips found something else to kiss.

Onto the bed for some more amazing (deep and wet) owo and then at my insistence the mac went on and she climbed on board. The rest is a blur of kissing and a cross between amazing sex and dare i say it lovemaking before the feeling of her starting to cum spoiled my plan of emptying into her mouth and i came hard and deep.

Afterwards there was some time left left but no rush to get me out, we chatted and kissed until the time was up!

In my short time punting I've learned that half hour appointments are best for me as i can never generally pop twice in an hour.

Pixie you might be the girl to change that and i can't wait to find out!
