A sassy, classy lassy with a very nice chassis

The Story:

Sex in the city, sex on the beach, sex in s 5 star hotels elevator. Jasmine seems versatile enough to provide this to the highest quality.. My half hour visit to her was impressive.. on entering the room she is stunning. An attractive face beautiful eyes and sexy lips. Her body..wow...I asked if she was a member of some pornstar churning gym because she is so toned.. she looks like she just arrived from some late night channel 4 beach volleyball contest on the copacabana.. She was wearing this sexy little outfit with a logo of wings, she looked like a pilot of some sort. whatever airline she's from im joining her mile high club ;) she can let me nose dive in towards her landing strip and I'll hold her tight through the turbulence as she rides through the rainy storm..

A classy lady with a good sense of humour she'll relieve your mind as well as your body, but shes not for the faint hearted, i'm not sure if black widow spiders exist in Brazil but she sure does share the characteristics of the female of the species' ability to devour the males after sex. ;) with her you may battle and u may lose your life but remember daeath is but a moment and cowardice is a lifetime infliction...
