The Story:

we started chatting on the couch but I couldn't take my hands off her and soon pulled up her short dress and went down on her sweet pussy...she got off in a minute and that started things.....down to her knees with her huge tits popping over her dress and my stiff cock down her throat....great technique with her tongue going over my nuts on every downstroke....I popped in no time....we both stripped and went to the bed where I laid her on her stomach and went down on her from behind and on both ports....when I rimmed her I fingered her pussy and she came loudly.....lots of hot talk kept me hard and I couldn't get enough of her mouth....she laid on her back with her head on the corner of the bed and I stood over her fucking her mouth hard and deep while she played with her pussy....when she started rolling her hips and getting close she tightened up around my cock and I shot again with her almost choking on my load....this woman is as hot as they get and I will be seeing her whenever I'm back in London.
