The Premises:

Very comfortable top (3rd) floor flat in a block 5 minutes walk from Paddington station. The play room is large with everything you need to have all sorts of fun. The bathroom has a good bath with a powerful shower loads of hot water, toiletries and there is always a supply of fresh towels. Everything I've seen has been clean and in very good condition ... like its owner.

The Lady:

Aisha is tiny, perfectly formed, with all the right curves and a very pretty face that becomes truly beautiful when she smiles, which she does often. Aisha manages to be both slim and voluptuous at the same time, don't ask me how just go see for yourself.

The Story:

If you've read any of her reports you'll know time and money spent on Aisha is well spent. I've seen her a few times now and she manages to adapt to whatever I want each visit, as an example we've had Aisha on all fours on the bed with a toy stuffed somewhere and me stuffed somewhere else looking over her shoulder giving me a look ... I can't describe except to say it made me feel like the master of the universe. Then you have lounging naked on the bed kissing, drinking wine and talking like old lovers. We usually start with a wonderful relaxing bathing ritual, removing stress, the grime of traveling in London and turning into dirty fun. I think I have pretty simple needs and Aisha is always willing able and enthusiastic, from other reports I know her repertoire is far more extensive than mine ... I've never heard of her saying 'no' ... maybe its a language thing. :-)

Save your pennies and go see her, I really can't imagine anyone not have a fantastic, exhausting, bloody fucking good time with her. Of course once you've got your breath back and your legs work you'll want to do it again ...
