The Premises:

Amber (aka Chantel on other sites) lives in a discreet flat in a very nice block not far from Russell Square tube station. The flat is compact but clean and tidy.

The Lady:

Wow! Amber isn't quite as tall as I'd imagined, and her figure might not be quite as trim around the tummy as it once was, but she's an absolute stunner. Beautiful big eyes and cheeky mouth, and she possesses the most amazing pair of full natural breasts on her tiny frame. Jaw dropping!

The Story:

A very straightforward punt this one, you get no nonsense from Amber - she's not one of those scatty Thai escorts who sometimes blow hot and cold (on a good day they're mind-blowing but on a bad day...), she's totally customer focussed on the job in hand.

Drink and shower taken care of it was straight down to business. Busting out of her black lingerie set (which didn't stay on for long), we began with some light kissing before Amber headed south for some smooth oral and ball licking. On with the cover for some prolonged cowgirl action and that was Round 1 for me.

She attempted a bit of massage (warning me she's not skilled in that area) as we rested and we actually chatted quite a bit - I get the impression that Amber likes to build a rapport with a customer rather than just having a rushed f*ck. More kissing led to some DATY action which she seemed to appreciate, and then she took over with some skilled hand relief to finish.

I enjoyed my time with Amber very much, she has a very sweet manner about her and offers a rewarding GFE (although I believe A levels are available - I didn't partake on this occasion). I would like to return for a longer session with Amber when circumstances allow.
