### The Premises:

The usual flat in central MK. Room was clean. Dimmed lights and hip hop music. Flat is relatively unobscure and entry is quick.

### The Lady:

About 5'6", size 10, toned body, firm enhanced breasts, cute curvy butt and better looking than her photos, which I think make her look older and a bit stern. Built for sex and delivers on all fronts.

### The Story:

Caitland entered the room in a black fish net type body stocking that left little to the imagination. A gentle kiss to say hello. I went to use the bathroom while C got some more towels. I got back to the room and waited for C for a couple of minutes, during which I started to get naked. C entered the room, still in the black body stocking, but sporting a rather large, ribbed, black strap-on. "Have you had things up your bum before" she asked. I explained, yes, but for a prostate biopsy, not for fun. She assured me this would be much more enjoyable and I succumbed to her assertive nature and "let's try anything for pleasure" frame of mind. I enjoyed an hour of pleasure equalled only by Shanelle of St. Albans. I had DFK, OWO, RO, Strap-o (C on me)n, face sitting, finger fucking, rimming (me on C), sex in several positions and climaxed in C'S mouth, as she sucked every last drop of spunk from my cock. Orgasm score was 3-1 to her, including a double one, so she told me. She is a true professional in all she does and will do whatever is necessary to ensure you leave her thoroughly satisfied. As mentioned in a previous FR she is off to Oz in February, so hurry on down and fill your boots before it's too late.
