The Premises:

A refurbished flat near Lewisham station, next door to an Indian grocers. I took my shoes off and put some sandals on before going upstairs.

The Lady:

The girl I saw said she was Japanese, but I believe she was Chinese. I don't see what is wrong with Chinese? She was petite, about 5ft 1" with enhanced boobs. Her nipples were very puffy and I did enjoy gently licking and sucking them.

The Story:

The session began with covered Oral which was very enjoyable because it was performed gently with lots of caressing and stroking. We then had sex in the cowgirl position. I asked if I could finish with a facial and a fee of ?20 was agreed. Before doing that I performed oral on her and she had a very vocal orgasm. Following the facial, I received a couple of minutes massage which really ended the session on a high note.

I believe the flat is shared by different Oriental girls.
