The Premises:

Untidy inside the room, full of mens clothes, probably a boyfriend or flat mate. Area is pretty safe and the flats themselves are ok. The area is reasonably safe but Alison keeps a couple of heavies in the flat for reasons which soon became obvious.

The Lady:

Young but a bit tired looking. Looks like she has seen better days, which at her age seems a shame. She had a nasty rash on both lower legs. However she was clean.

The Story:

She was friendly and pleasant enough but I essentially got ripped off. She advertises on ** with a VIP service, as anything you want as many times as you want. She also back this up with lots of recommendations, which I can only imagine are largely false. However all I got was a rushed BJ, some RO and a shag, all lasting less than 15 minutes. I was hoping for more action but was told that wasn't happening upon which a big black guy asked me to leave and a second big guy was just behind him. There also seemed to be evidence of drug taking in the house. I am the kind of guy that finds a good lady and keeps going back for more. Not this time. Maybe it way me? I don't think so. Shame.
