### The Story:

well due to the continued negativity of this site my original report was rejected due to nicol(slim) being on that other site. well as you will no doubt know by now ALL my reports are extremely accurate and honest. Why or why they chose to continue such an approach is beyond me especially when the site itself allows negative feedback to be made and if blocked a warning that girl is not to be trusted.

Well enough of that. nicole was an very pleasant amusing and tactile person who seemed (unless she is a very good actress) to enjoy her job. Indeed the only concern would be that she truly provides the services she states. never got around to experience her full range of services as she was seemingly so horny that the whole experience finished very quickly which I must say is not usual and especially the amount of fluid I released. Its been a long long time since I experienced such an explosive ending. The only down side was that i needed to rush off to another meeting.. she made me feel that she really wanted me even though i am 40+...

In closing, since so many of my best experiences and others like keyan and dreamweaver are through that site I wonder if this is purely down to the fear of competition. Although I find it strange as I use this site for its recommendations...
