### The Premises:

Manyana massage parlour, it's actually quite big inside, you have to go through about 3 locked doors/gates to get inside so one does feel secure. It's clean enough and it's handy. The entrance is at the rear of the building and is off a public car park which is very handy

### The Lady:

Blonde, about 5'6", professes to be 47 but looks younger. Wee bit of a tummy but nowhere near the size of mine. Altogether a nice body, no stick insect but someone you can have a jolly romp with. Outstanding nipples and lovely breasts.

### The Story:

Been here before on two occasions and they weren't happy ones. First time I walked out as got pissed off waiting and being ignored. 2nd time had a most unsatisfactory event with young lady who was obviously in the wrong job. This time I had, stupidly, left my phone at home which meant I couldn't contact the lady I was supposed to see to get her address. This left me at a loose end and with an erection. I decided to override my brain and try the Manyana, something I'd vowed never to do ever again and I'm very glad that I did.

Rachael met me at the top of the stairs and showed me to the room. We had a little chat and she explained what was on offer. Everything covered and to my regret no kissing or anal, but hey you can't have everything and she was upfront about it. Funny thing the kissing bit, some girls will and some never will. The will nots say it's very personal and reserved for their loved one. I would have thought sex was very personal but no matter. As for the anal stuff, I think that's overrated in any case. Anyway we indulged in everything that was on the menu and I had a lovely time. Rachael was very experienced, enthusiastic and willing and lovely company. If you're an old duffer like me she'll suit you down to the ground. Young no nothings might prefer someone younger and sillier and they wouldn't realise what they're missing out on.
