The Premises:

Room in Ibis Hotel, no problem with Reception, walked straight past and up the stairs.

The Lady:

Cuddly, large breasts about 5ft 4ins, black hair, lip stud. Personal hygiene not great as BO smell was present.

The Story:

Directly she answered the door she looked familiar and had a nagging feeling i had seen her before. My instinct was that the previous meeting had not gone well but as i had travelled 2 hours to see her i decided to stay especially as her breasts looked quite inviting. On her profile on the purple site i think she describes herself as polish but she told me she was Russian? She is in the category of escort that is in it purely for the money and there is very little gfe. All the time i penetrated her she held onto my dick so i couldn't go 2 deep saying that i was 2 big which whilst flattering is just an excuse. You have to have these type of punts to appreciate the good ones but its so annoying that i didn't follow my instinct and walk. I would definately not see this girl again but its so easy for them to re-invent themselves with a different profile, name and location which makes it difficult.
