The Premises:

Lais was certainly not the girl in the pictures on the other website (it was only later that I found this thread <http://punternet.com/forum/index.php?/topic/18393-mature-lais/>), but I was not disappointed with the girl I did see.

The Lady:

She was an attractive Brazilian girl of medium height with a nice body, and I would guess she is in her late twenties.

The Story:

She helped me to undress and all the while we were kissing passionately with tongues. I helped her out of her clothes and paid good attention to her very nicely shaped boobs, and her shaved pussy.

She offered me a massage, which was pleasant enough while she worked on my back, and then my legs, but it was when she finally dribbled some oil over my buttocks that it got really interesting ? she started with my buttocks, then reached through with one hand to rub my balls and my cock, whilst slipping an oily finger from the other hand inside me. I made it clear I enjoyed that so she went for it big time for another five minutes before asking if I wanted a toy. So she produced a strap-on, rolled a condom on it, oiled me up, and gave me a good seeing to firstly in doggy, and then in missionary with my legs around her neck.

After that it was my turn to see to her needs. I licked her in 69, then went down on her with her legs over my shoulders. Judging by the noises she made, she did enjoy it, but I didn't make her come.

We then had sex in missionary and finally she rode me cowgirl style until I shot my load.

I will recommend because the girl on the day was good, but I won't go back because it seems to me that this is an operation where any available girl on the operator's books could be scheduled for the day.
