### The Story:

i tried booking kelly last week but she was fully booked.so had to book 2 days in advance.shed been recommended to me and what a stunner.she looked very smart and wore the skimpylist knickers ive ever seen.shes a clever girl and i spent the first 20 mins just looking at her and talking.finally the sex,great fun. full on kissing and she gave a great blow job and actually swallowed the lot.i will be booking in 2 weeks time a great punt and so bloody posh i just hope she keeps on doing this for a while yet.
