The Premises:

A very nice, new apartment block. Safe - pretty much so, plenty of meter parking. Entry via intercom and then security desk - you might be able to use the back entrance as well.

The Lady:

pretty blonde, slim, but with the curves, fake boobs (but I like that!) 5' 7" 34d - 24 - 34 according to the site which was about right. In her early twenties.

The Story:

My first punt - so I didn't know what to expect or know how I would feel!

She did make feel at ease, we chatted abit, and she then suggested we moved into the bedroom. Plenty of great kissing which was the biggest turn on. She said I could do anything I want to her - the mind boggled ! She went down on me without a condom, and then I went down on her (for quite sometime) I think she came, well she made the right noises and contractions and she had that flush girls get on their chests.

I actually had figured that was enough and wasn't that bothered about "completing" though she said I wasn't allowed to leave until I did and that I could cum in her mouth - I didn't but ended up fucking her - what a tight and tiny pussy.

In all a nice experience - that I didn't really make the most of - next time ?!
