The Story:

She offers a half hour service on Agency Barracuda. But she also advertises her services through several other agencies for a one hour service minimum, and claims to offer OWO, FK. Neither of this is on offer, fellow punters. She told me she never offers this. And she is a determined clockwatcher, aims to wank you off as quickly as possible, and get you out of her flat in record time. My advice: If you want to spend your money on spending time with a genuinely beautiful lady who you cannot normally fuck, then it is worth it. But if you want the kind of services I expect, please spend your money elsewhere.
