The Premises:

Edwardian semi, quiet suburban street in leafy Surrey

The Lady:

Tall, tanned, very slender, very attractive bottle blonde Hungarian with nicely proportioned boobs. Very pleasant personality.

The Story:

The only downside is the sometimes awkward discussion and pricing of what's in and what's out with a gorgeous twenty-something who doesn't have full command of english.

"What would you like today?"

"RO and kissing"

"RO?"

I look at her stumped.

"You mean oral without?"

"Er, no. It's when I, err..."

I point shiftily, like some spotty oik, at her genitals

"Ah! Reversal oral"

Oh! Thank you merciful God!

Well, it's not as though I was asking for an electrode up my rectum.

The kissing was LFK, which seems to be the house norm. Though there is one exception to my knowledge. The cunnilingus was luscious and appreciated. The OW enthusiastic and committed.

The sex in mish and doggy was accompanied with a host of expletives that made me wonder what these impresionable, young, east european girls are taught in our educational establishments.

Great punt babe.
