### The Premises:

Nice enough room in a pretty rubbish flat. Entry had an alcove so you didn't have to stand on the street while waiting an eternity for the door to open. Safe enough as on Kentish Town High Street.

### The Lady:

Nothing like the pictures. Not even the same race so total bait and switch. Long dark hair, small boobs, average figure

### The Story:

it's been a while between bad pants so I can only blame myself for going through with this one. All the warning signs were there and I ignored them. Girl was 15 minutes late getting to the flat. Girl wasn't the girl in the photo's. Price was different to that quoted (extra 10 quid for the half hour). Services listed against services provided - don't get me started as there was literally no service. No kissing at all, didn't like me even kissing her neck. Pulled away when I tried to touch her pussy or tits, a total of about 10 seconds covered O. Tried sex but I was having trouble staying hard because I was so annoyed. Ended up with a very lacklustre hj, and just when I came she decided to vigorously shake my cock back and forth and so spray me with cum - thanks for that love. Couldn't get dressed and out the door fast enough.
