The Story:

Entered flat and the bedroom. Handed over the tokens and she disappeared for 3 or 4 minutes, was concerned but kept faith. Glad I did, she stripped off and ordered me onto the bed. Nice blow job but no deep throat. Perfect cone tits as previously reported. I fingered her and she was wet but pulled my hand away. Asked me if I wanted a condom, said yes she covered me using her mouth and then used some lube which I was a bit disappointed with. She climbed on top and we did it for a good 5 minutes but I wasn't going to cum, if she hadn't applied the lube then i'm sure I would have. Asked for anal as she says its included, she agreed and she moved into doggy. Understandably she applied the lube this time and I gently entered her. It was difficult at first but once I was inside and she relaxed it was amazing and very tight. Fucked her hard in anal and she took it all with gusto. Filled the condom deep in her ass, cleaned me up and left 5 minutes left on the clock. Go see her guys and go straight for the ass; be gentle at first though!
