### The Story:

Another badly chosen punt from the purple site. Started with a friendly greeting at the door. Got on the bed and was asked if I wanted any extras. What extras, I asked. Kissing, owo, licking. Alarms bells then started ringing but it was too late as I had already handed over the money. I guess this is what is classified as the 'bait'. Her profile clearly mentions what is included, and what are extras (anal, cim, filming). If you want to see this for yourself, check her profile under the name of Sexy Vanessa.

So I didn't have any high expectations for the actual sex. But it wasn't the worst I have experienced. She fits into the category of those that just want you to come as quickly as possible with the least effort on her part. She didn't want to try any other positions and gets annoyed at you if you do it slowly.

The only credit I could give her was that she was willing for round two. To my surprise she asked if I was ready to play again, and proceeded to give me oral (covered). But she was so aggressive in her technique that I couldn't get it up, so much so that after about a minute she lost patience and asked if I could leave because she was feeling 'tired'. So after 40 minutes, of which about 15 minutes was actual bedroom action, I left.

Before this I have been extremely wary about choosing girls that are priced at the lower end of the scale and have generally resisted the temptation to visit them. The purple site has a lot of these, the vast majority originating from EE. Now and again I take a gamble and on this occasion I lost. Thankfully, this forum can be used to inform. But I wouldn't be surprised if her profile name or her location changes in the not too distant future.
