The Story:

I was the quiet part of a conversation with a man who knew how to make a fortune so it took a lady of Chloe's charms to drag me away into the room.

We got on famously from then on. Chloe really makes you feel wanted and anything you do half decently gets enthusiastic approval that came across as real to me.

I massaged Chloe first and enjoyed getting to know her curvy and well-proportioned body.

Then some effective oral and into a prolonged session of intercourse that was really two people on the same mission and great to experience.

As I left I was tempted to sneak off with a big framed photo of Chloe sitting on the reception sofa waiting to be hung but no need as I will certainly be back to get my hands on the real thing again.
