The Story:

Found her on the purple site. I called up in the afternoon and fixed up the date. I asked and She specifically confirmed that she does not smoke. Reached her place, paid 120 including for extra services. She went away to stash the donation. She returned and got close to me. I immediately smelled tobacco. Asked her and she said that she only smokes occasionally. She said that she can brush herself, yucks. I said I want to leave . She refused to refund my money arguing that she has phoned up her agency making herself unavailable for an hour. She had no answer to my point that i did not come to her through any agency, that she lied to me and is now cheating me. She refunded me 40 quids for the extra services and cheated me of 80. I was made look like a royal idiot. She's a cheat guys, avoid her at all costs.
