The Premises:

Flat in Earls Court behind Sainsburys Local. Agency didn't give flat number until I arrived and a code needed to be entered on the gate to enter. Had a little trouble finding the place initially but worked it out eventually.

The Lady:

Moochi is fairly attractive although the photos have had a fair amount of retouching done. She is fairly busty and a little bigger than other Thai girls.

The Story:

I asked the agency to recommend me a busty girl who offers all services and Moochi was suggested to me. Unlike most agencies the full address wasn't given to me at the time of booking which made things a little complicated. Once I found my way there Moochi looked nice so handed her an envelope with my money and proceedings started. I shouldn't have bothered though as this was one of the worst punts I've ever had! Moochi never smiles and seemed very bored the whole time I was there. Her English is barely existent and nothing the agency told me was available was on offer. No anal, no cim, and the most half hearted attempt at a blowjob i've ever had. Told her to move onto sex and she lied there like a dead fish which was a complete turn off and I ended up going limp she was so disinterested!

The photos of Moochi look great but her appalling attitude kills any chance of having a good time with her! I would recommend saving your money and buying a cheap blow up doll as it will be more interactive than Moochi is!

As for the agency they seem to be recommended by a lot of fellow punters on the message board but I won't be using them again as they obviously do not research the girls they have working for them and just choose whoever is available at the time. A total waste of time and money!
