### The Premises:

A basement flat, next door to a Mary Stopes clinic. Quite a busy area, including some sexy-looking women going in and out the clinic, but unlikely to attract much attention. From outside the flat looks a bit dilapidated, but inside it is very clean and comfortable, with an excellent bathroom and shower.

### The Lady:

Belle is around 5ft 2in, probably about dress size 12, but with exceptionally large natural breasts and a bum that's simply asking to be groped. She is blonde, with a lovely smile, and has a really happy, cheerful personality. When I got there, she was wearing a flimsy teddy over nice-quality pink/black bra and panties, fishnet hold-ups and fairly low high heels.

### The Story:

It was a fantastic meeting. Belle offered me a shower (which I declined) and a massage (which I also declined). She was arousing me immensely and within seconds her teddy, bra and panties had come off, and we were snogging hungrily on the bed. Briefly exploring between her legs with my finger, I was amazed at just how wet and horny she was already. She did point out I was her first fuck of the day, so perhaps that explains it. I was desperate for a fuck myself, so it was on with the condom and I drove my cock into her doggie-style, standing behind her as she knelt on the edge of the bed. I pumped into her for the best part of ten minutes, enjoying the feel of her tight twat and the view of her bum and back. Aware of a sudden tightening and lubrication, I pulled out and we both admired the thick vaginal secretion that she had released onto my covered penis. Sensing my own need to cum, she got on her back, allowing me to her missionary fashion. Kneeling up straight, I lifted her hips and really got the bed to shake and creak (wondering if we could be heard in a consulting room in the clinic on the other side of the wall). I exploded into the condom, and as I withdrew, Belle commented on the good quantity of semen contained therein ...

At this point I was happy to accept Belle's offer of a massage. She has a lovely soothing touch and I felt in heaven as she rubbed oil into my exhausted muscles. Within ten minutes though, I was recovering fast. Rolling over onto my back, I was able to play with Belle's gorgeous breasts, teasing her nipples with my fingers and tongue. My cock was hardening rapidly, so I invited her to straddle me and ride me cow-girl. She rode me sensuously, giving me further ample opportunity to enjoy her breasts as they hovered inches above my face. But soon I was eager to take over. Again I

hammered her twat from behind as she knelt on the edge of the bed, before taking her for a final time in missionary. Pulling out and stripping off the condom, I emptied a second, smaller load over her chest and belly.

As Belle tidied up, I went for a refreshing shower. Altogether, an excellent morning!
