The Premises:

I saw Maria in the summer when she was sharing with Love in a basement flat near Lancaster Gate.

Her room was pretty basic but pleasant enough. Actually booked through 007 but could not see this agency listed

The Lady:

Described previously as a pocket rocket. This sums her up exactly.

The Story:

Visited Maria based in the reviews on the site and was impressed by her physique and her highly demonstrable assets.

She provides a passionate and highly enjoyable experience. I prefer a GFE rather than a PSE and she seemed to sense this this and offered full on french kissing from the first minute of our meeting to the last.

The more intimate aspects of our meeting were also very pleasurable and she is very imaginative (and vocal) with the services she provides. She also has a number of sexy outfits - especially black and red PVC which further enhanced the experience.

The two hours flew by and too soon it was time to go. Some very nice memories /mammories though and I was smiling all the way home.
