The Premises:

Ground floor flat is shared house. Man on computer sitting looking out of front window of house. Other residents outside in Garden. Not discreet.

The Lady:

Slim Eastern European Girl with huge natural breasts. 36FF

The Story:

She certainly has large breasts, but the rest she advertises is false. Says she does full GFE experience but no kissing just a disappointing massage to start. Then on with the condom, oral was OK, then missionary, followed by doggy. Fairly standard stuff. She is not keen on you touching her breasts which are her best feature and does nothing but lie there looking bored. No conversation or intimacy. Women outside door hovering the whole time and banging around. Not worth the money and time spent only 10-15 mins, keen to get it over with. I see another girl has used the house with the same phone- avoid unless you want to be ripped off.
