The Premises:

I have visited her establishment which was for a genuine back massage but she came to mine. Please note, her place in Wimbledon is no longer open she told me but she will do out calls.

The Lady:

She's not too bad physically. Perhaps bigger than most oriental ladies. Also she has massive boobs which I think are fake. One thing I must compliment her on is her hygiene. One of the cleanest ladies I've seen which I appreciated

The Story:

She is not primarily an escort and I think it told in our session. Her massage was good and then we got about 10-15 minutes of naughty time. In this time I didn't get to fuck her, she just gave me a blow job to make me cum the first time then wanked me to cum the second. All very robotic but I think I'd still recommend based on her being a fairly nice lady
