The Premises:

Well known

The Lady:

A neat and really rather attractive mid-20s lady who made an immediate impact on me and had a lovely open manner - and then who even managed to delight me more with her figure revealed. I found I couldn't take my eyes off her dressed and was the opposite of let down undressed.

The Story:

We seemed to hit it off from the start with Leah so easy to talk to and with such a natural unforced manner.

We chatted and stroked and soon things were just progressing like partners comfortable with each other's personality and body and unself-consciously looking to see what to do to pleasure the other one. A rare sensation.

Leah did not seem inhibited or else I did not do anything she wasn't happy with but I think I did all I wanted.

The session ended with really wonderful sex with a marvellous sexy young woman. I might just have found the girl to part me from my inherited millions...she's worth it.
