The Story:

This meeting was not anywhere near the normal standard one expects from this establishment but when then again I have not been there for some time. It kind of went wrong as she entered the room making no eye contact, asking a couple of question and then leaving the room. It did not get any better from thereon and it was a frosty and impersonal service and I was rather bored. Was close to calling it a day but managed to conclude matters and leave quickly.

I recommend her purely on looks and the fact that she will provide the advertised services if instructed to do so. However do not expect any kind of warmth or interaction and you may as well be meeting a robot.

Perhaps she was having a bad day.
