The Story:

Parked nearby and phoned for directions to her flat. Entered and was offered a drink while we had a little chat about her and her services. Chose massage, oral without,sex and kissing. She knows what she's doing with the massage as she could see my lower back was a bit stiff. Turned over and she gave me some slow oral. She lay down beside me so I could stroke and kiss her big tits and invited me to lick her shaven pussy which I did until she came. More oral on me then on with the condom and into her tight pussy in mish. Got her to ride me then back into mish until I came. She cleaned me up and we had a little chat before I left. She's an interesting woman and very easy to talk to.
