The Premises:

A small apartment on a busy street in Covent Garden. Both bedroom and bathroom were clean and nice.

The Lady:

A very good looking Thai lady, just as in the photos. Big fake tits, lovely ass and very pretty face.

The Story:

I called Shakira directly, as she has her on indie website, and was able to book her just an hour or so in advance. When I arrived, she explained that she had just woken up when I called and I was her first customer that day. After sitting me down and offering me a drink she guided me to take a bath with her - a ritual I am very fond of. What followed was an hour full of FK, OW (my preference), different positions and a-levels.

A very nice and natural girl, nothing to complain about really. Only perhaps that sometimes we have some problems in communicating. And the fact that I had only one hour with her and felt a bit rushed because of that. Next time I'll try to get her for longer!
