The Premises:

Refurbished nightclub, furnished to a high standard, impressive bar area. The venue has a discreet side entrance, on the industrial side of town, a motorway opposite, but is still secluded enough.

The Lady:

Romanian lady, around early 20s, nice brown eyes and dark hair, some tribal style tattoos but decent ones, a slim size 6-8 figure and around 5'4" in height, small but firm b cup breasts, great smile very petite all over and also striking.

The Story:

I was shown a menu at the bar (not for drinks), I opted for the sensual massage, which is two basic services, plus massage. Payment was upfront to the hostess - I do not like this method, I prefer to pay the girl, but took the chance. I was a bit nervous with being in a new place, which didn't go unnoticed by Nicole, who asked if I was nervous. She is friendly and quite chatty, she speaks English as a second language but understood most things I said but struggled with some of the slang I used. She spent no time in stripping off, I did the same. I was offered a massage, I refused. She touched me until I got hard, on with the condom. She sucked my cock in the "sideways" way, which seems popular amongst escorts - she has good technique, I can imagine she can do amazing OWO. Asked her to get on top, she went all the way down and rode it well. Switched to mish, were I banged it in deep and lied flat against her, with her being so petite it was quite difficult to try not smother her with my shoulders. Switched to doggy to finish up, she has a really small arse, which I couldn't resist squeezing. I came hard, and left feeling a bit warmer inside.

Nicole is pretty and petite, if you like smaller women I would recommend her. She is eager to make conversation and good at it, despite speaking ESL. She is good at all positions, excelling at cowgirl and is eager to please. I think the danger with paying up front in a parlour is you can easily be ripped off or see a lazy escort, luckily Nicole was delightful.
