The Story:

First of all i am new to this website so i do not really know what shall i write so I'll be as basic as possible with my description. Well, I enjoyed the domination service she gave me, i felt really humiliated but so horny at the same time, she made me feel so well. After one hour i did not want to let her go so i paid for another hour which was of discounted price. She had couple of toys with her and she gave me a lovely show as well.
