The Story:

Pixie is good, she is very good. I have been punting for awhile and this is my first report. High praise indeed.

Pixie is full on and very intoxicating. Pixie entered the room with a glint in her eye and full, lingering kiss. Pixie is very passionate and loves to kiss and there is lots of eye contact.

Asked for Pixie to take control for the visit, 'I like to do that' was her response.

What followed was a visit where I was made to feel the most important person in the world. I was taken to heaven and you will also fall for the charms of this delightful young lady. I love Pixie's kisses, this is a lady who explores your body and is very receptive to you exploring hers. I would happily spend the next punt with Pixie sitting on my face.

But, as ever with these visits. It all ends too soon. But Pixie is in no rush to get you out and I enjoyed my chat with the fun and bubbly Pixie almost as much as the main event.

Enjoy her gents and treat Pixie well, this is a girl who is very good at the job. A superstar in the making me thinks. It has been awhile since my last punt, got a feeling it will not be as long this time.
