The Premises:

Nice enough basement flat in what looks like a pretty good area. That said, she came to the door of the mansion block because she said she was scared of guys who came and robbed Thai girls. Slightly gave me the willies ... never what you want when visiting a wg ... the willies ... unless, I guess, you're so inclined.

The Lady:

Pocket dynamo. 5ft nothing, if that, with nicely enhanced tits and a cute face and ass.

The Story:

OK, so I don't submit many FRs on account of my extreme selfishness - ie I'm happy to use other peoples experience to inform my own, but won't oblige vice-versa. But on this occasion I swore to Maria I'd write something, so here we are. This girl knocked me sideways. I'm writing this about a week later and I've still barely recovered. You name it we did it. She came hard in my mouth, she blew me within an inch of my life, rimmed me, sucked my nuts like gobstoppers, fucked me every which way ... and then I finished deep in her arse reverse cow girl while she fucked herself with a vibrator, and she wouldn't let me out of her butt until she'd cum again, which she did in a moment of high sexual drama that gives me the horn just to think about. I don't know what to say. I'm much too old for this shit. Do I recommend her? What do you think? I mean, frankly she seems a bit bonkers, but in a totally good way and ... well, let me put it like this ... you know when a wg tells you she really wants to fuck you and it turns out she means it? there is little better ...
