The Premises:

Clean and well equiped establishment, have visited this place on numerous occassions.

The Lady:

Although advertised as a size 10, I'd say she was a 12! Mid 20's average british indian girl.

The Story:

When she walked into the room I was expecting a little kiss just to say "Hi", but nah she just talked passed me and started playing around with the heater, then asked how long I was staying and sorted out the paperwork. I thought, it is our first meeting so she might be a little shy and nervous. Got undressed and got on the bed, trying to start a conversation but she wasn't saying much, then I asked what she liked and disliked, so she told me how she liked everything apart from using tongue when kissing and anal - I thought fine that's good for me. Then when we started she said "I don't do oral without until I've seen you about 2 or 3 time" (I THOUGHT WHAT THE F**K). So instead of kicking up a fuss I just had the oral with and sex in mish, made myself come quickly and jumped off. Went for a shower and left quickly as I didn't want to kick off!!!!!!

I was looking forward to this meeting, even though I have never had a good experience with a british indian girl before in the years I've been punting (I'm not racist, I'm asian myself). She also told me that over the 6 days she had been there, she already has 4 regulars (GIVE ME A BREAK!!!!!!), with that kind of service there will be plenty of complaints and she'll be shown the door quite quickly.

I'll deffo use Annabellas again but won't be seeing this girl!!!!!!
