### The Story:

It's not easy to find someone who is genuinely into being taken anally for an extended period (working or other) ? and that's what I was looking for, a fellow (female) anal enthusiast who would take my thick girth without wanting to back out after five minutes. So I've been really pleased to find a lady who not only DID take a thoroughly good and extended anal hammering, in every position possible, but apparently seemed to genuinely enjoy it for virtually the whole two hours I was there. I arranged the time, discussed my needs/requirements for this particular Sunday eve liaison, was cheered to hear that anal was not only NOT a ?no-no?, or a resigned and begrudging ?well, OK?, but in fact seemed to be cheerfully and wholeheartedly welcomed at the other end of the line. She said she was definitely into it, in advance, then proved to be so, in the flesh. It's an incredible extra turn on ? when your cock is enthusiastically welcomed up the arse and you sense that the woman is really enjoying it, not simply enduring it, too. There were NO excuses, no backtracking or awkwardness, just pure pleasure all the way up her tidy and tight, but just right, back passage. Gorgeous arse cheeks to look at from behind, lovely smooth skin. And phew, she uses those internal muscles like NOTHING I've ever felt before, she regularly groaned as she employed real throbbing internal grip. I could cum again now by simply recalling the pleasure, and will definitely return for a repeat trembler.

A rare find.
