The location is a residential house about a 12 minute walk from West Croydon station. It is clean inside and there is a shower facility.

The Lady:

Vicky is from Singapore, she is in her early 30's, slim with B cup breasts.

The Story:

I was in the area and decided to go for a massage/relief service. I didn't have a map with me so I looked at the one in West Croydon station and fortunately her street was shown. After a good 10-12 minute walk I located the house and there were a few estate agent boards outside so I don't know how permanent this place is. Once inside, I was glad I'd made the effort. Vicky was very friendly and once undressed, I loved her protruding, button nipples. The session commenced with a very firm massage which loosened a few knots. She then put a condom on me, gave me covered O and then climbed on top.

She is very tight, so we took this very slowly. We then switched positions to missionary and following that she finished me by hand.

I doubt I will be in that area again so this was a one off.
