The Premises:

Terraced house in a reasonably respectable quite neighbourhood. Clean and quite safe.

The Lady:

About 5ft 3inches, brunette with shoulder length hair, large breasted and reasonably slim. All smiles and welcoming. She showed me the wig used in the website, but not matching her photo which was for a rather slim girl.

The Story:

It was Nina who let me in - a slim red head with a great figure, saying that Julie was busy and would be 5 minutes. When Julie arrived; she seemed very friendly and although unlike her photo I decided to stick with her.

After getting the money business out of the way, I stripped to my undies while she was out of the room. She returned a few minutes later and stripped down to her panties.

She offered massage, which I declined preferring to get to good action. On to the bed no kissing, Julie was slow to remove her panties; when she did she revealed a thick pubic growth, which I actually quite like.

She seemed to be keen to get the session over; she worked my rod and once hard put a sheath on and started with oral getting me really hard. She declined OWO.

She proposed sex, which for me would have seen the end of the hours session. With only 10minutes spent I tried to slow things down by proposing 69. Although she accepted, she giggled non stop. We moved to a new position where I could better give her reverse oral. She locked my head between her legs and soon started complaining that she didn't enjoy it. From that point onward our meeting took a negative direction.

After continual prompting I eventually submitted to her to proceed to sex, which we did with her on top. The eroticism having gone I was slow in getting hard again, but managed and succeeded in reaching orgasm. With still 30 minutes left and disappointed I saw nothing more to do other than get dressed and leave.

I was disappointed by Julie - she didn't seem to enjoy our time together despite my best efforts. I was sorry that I hadn't spent my time with Nina after all.
