The Premises:

My first visit to Annabellas. Discrete flat and felt safe.

The Lady:

Just look at the photos. Pixie looks just like them, but as is nearly always the case, even better in the flesh. A lovely, tight little body that you just want to ravish.

The Story:

Was met at the door by Pixie. I recognised her from her pictures straight away and was immediately happy with my choice as far as looks were concerned.

When in the room I got myself ready whilst Pixie fetched me a glass of orange juice. She very briefly left the room again and when she returned we were straight into it.

Mutual undressing and nice kissing followed, although not what I would call genuine DFK it was certainly enthusiastic, frequent throughout the punt and very enjoyable.

Onto the bed for more kissing. Pixie certainly went in for a proper GFE, kissing my neck, chest and stomach at a really nice pace building up the anticipation to when she wrapped her lips around my cock for some really good owo with plenty of eye-contact.

Pixie got me right near the edge in no time at all, but she does know what she is doing and held back at just the right moments. Just seeing such a sexy and incredibly cute young lady sucking you off is a wonderful sight!

Then onto fairly lengthy RO during which Pixie was extremely responsive, and genuinely so. Before putting the condom on I asked Pixie if she did CIM. She looked at me with her beautiful eyes, waited a few seconds and said....."it would be my pleasure!"

On with the condom for some good cowgirl then back to OWO before the CIM finish. After Pixie cleaned me up there were a few minutes left so we lay chatting, kissing and cuddling.

Pixie is just about as cute and sexy as it gets. Purely as far as looks go I think I fancied her more than any WG I have seen before.

I did think there was chemistry between us and that we 'clicked' but if I do have a bit of a negative it is that communication was a bit difficult on a couple of occasions. Her English, whilst certainly passable, is not perfect. Maybe my Birmingham accent didn't help either, but it was a touch frustrating to have to repeat ourselves on a few occasions.

But the communication issue doesn't detract from the fact that this was one of my very best punts. Pixie's attitude is spot-on, she smiles the whole way through, is enthusiastic, has a very sweet nature and genuinely wants to please.

See you again Pixie!
