The Premises:

A cosy studio flat on a shopping street almost bang opposite the tube station. It is a little on the cramped side, but it's clean and fit for purpose. The bathroom has a good hot shower and Serena provides you with plenty of nice, clean towels.

The Lady:

The pictures on the website are reasonably accurate, but they just don't manage to capture the essence of this utterly lovely girl. She is just so petite and feminine, with the most slender limbs and tiny waste. Having said that, she is in no way skinny, and has the most beautiful, soft flesh (her little bum is small, but so soft and juicy), and as for the colour of her skin: the most perfect, nut brown ? just about the most perfect, healthy skin tone there is. She has a very pretty, fine boned face with a cute little button nose. Finally, she has the loveliest pair of soft, natural little titties you could wish for. So physically, she is gorgeous. But what really hit me was her personality. For some reason, I was expecting her to be a streetwise London black girl with a Cockney accent to match (and there's nothing wrong with that), all into clubbing and partying, but in fact there is still a lot of the Caribbean in Serena, even though she has spent many years in England. She has the sweetest West Indian lilt to her high voice which so compliments her adorable personality. She comes across as so warm and genuine and eager to please, but make no mistake, when it comes to the sex she can be as down and dirty as you like. Serena is a truly lovely and sexy girl.

The Story:

Much has already been said about the gorgeous Serena and the fantastic service she provides. One reviewer, I recall, likened aspects of her customer care to that which we would normally associate with the best of oriental escorts, and I would certainly agree with that. Serena was warm and welcoming from the moment I entered her tiny flat, and none of this seemed at all false or put on. She really did seem genuinely happy to see me, and made sure I was relaxed and comfortable. You might think Serena would be just too sweet for some good, dirty sex action, but you couldn't be further from the truth. Once you get chatting to her, you realise she has a keen sexual appetite and she seems up for most things. It wasn't long before I was divulging full details of my sordid fantasy, and to my delight Serena was not remotely fazed, and seemed more than keen to play along. I'd had it in mind for Serena to play the naughty schoolgirl to my perverted, ?dirty old

man? headmaster, and I quickly realised Serena was perfect for the role. I wanted her to be the misbehaving little Miss who is called to the headmaster?s study for ?punishment?, and all that that entails in the world of sexual fantasy. Serena was meticulous about getting her outfit just right, and in the end we abandoned the almost non-existent micro-skirt she had on for a very realistic knee length grey skirt, along with white socks and white blouse and tie. She looked sensational!

After I had showered and got dressed again, ready for the role, Serena knocked as requested and entered my ?study? to stand before me in shame as I listed her misdemeanours. I then told her I was going to spank her. Now, Serena had agreed to this beforehand; I had made it clear that the spanking would be very light and was for purposes of ritual, not pain giving. So, I had Serena bend over and I hitched up her skirt to reveal that breathtakingly beautiful little bottom. I then proceeded to administer some light slaps to those delicious cheeks, taking the opportunity to really ?perv her up?. Serena was excellent, and acted shocked and disturbed at her headmaster?s inappropriate actions. She continued to stay in character as I made it clear to her that if she wanted to avoid being expelled she would have to do me the same favours as I knew she did for the boys behind the bike sheds. She put up a convincing resistance to my lecherous advances, but finally gave in and let me have my wicked way. By now I was very hard and ready for action.

The sex was...well, just sublime. Her oral skills were amazing, with some superb cock and ball worship and some good deepthroat action. She also allowed me to throat fuck her (which I did quite gently, ready to pull out the moment she needed to come up for air). And when I returned the favour and went down on her...well, all I can say was that she has one of the most beautiful, sweet, pouting little perfectly shaved pussies I have ever experienced ? I could have stayed down there all day! I got back up on the bed and had her suck my cock once more as I probed her moist little pussy with my fingers, and then shared licking the sweet juices from them with Serena. Awesome! Then at last came penetration. I started by standing by the side of the bed and entering her as she lay on her back with her lovely slender legs apart. I was able to work up a good powerful, thrusting rhythm as Serena squealed most appealingly. We moved on to her on top in both standard and reverse cowgirl (lying back and watching her gorgeous, petite, lithe body bouncing up and down on my cock was just mind-blowing. At times I would pull her body down to me to suck on her delightful little titties or enjoy some passionate DFK. Thrilling!), then on to doggy, during which I got in plenty of slapping and squeezing of that super little butt, then a final bout of mish before I pulled out and had her suck me off to completion into her mouth, causing me to let out a primeval shout of ecstasy. Completely knackered, I lay back on the bed as the little angel massaged my chest and whispered sweet nothings to me. Finally, with great reluctance I had to take a final shower and my leave of her. But at no point had Serena even hinted that I should be making a move. She is no clock watcher.

Max has found another true star in Serena. I thank her again for a wonderful and truly memorable experience. Thanks also to the girls on reception, who were most helpful and cooperative with the booking, particularly Jackie, who apparently was the genius who interviewed Serena and got her on Max?s books.

Gentleman, take nothing for granted, and remember that every experience with these very special girls like Serena is unique. But I?m confident that if you are a decent, respectful guy who would just love some sexy fun with a beautiful little Caribbean dream, you?ll find it very hard to go wrong with Serena.
