The Lady:

Amrita is a slim, UK Indian girl with lovely 32D breasts.

The Story:

This was a bit of a disappointing session because Amrita is like most young Indian girls I've had the pleasure of working with and I chose a 1 hour session. When she took her top off my expectation seemed justified because she has a lovely pair! They are firm, with lovely large areolas. Feeling them gave me an erection and Amrita immediately went for a condom. Once that was on, she began wanking me quite vigorously and that kills it for me. I asked to see her bum and she laid on top of me and rubbed her pussy on my cock. Her bum is lovely too, but this didn't help my erection and I had to masturbate myself to get it hard again. I asked for sex in the missionary position and she was so tight. I don't think she wanted this so I asked if I could come over her boobs and it was a pleasure to decorate them.

I think Amrita may have got my booking mixed, plus I think another Indian girl workk at the same flat which may explain her attitude, but I wouldn't mind a second, 30 minute punt with her because of her lovely breasts.
