The Premises:

She has a basement flat she shares with a couple of other girls. It was easy to find and only a few minutes from the tube station.

The flat was neat clean and tidy, with a warm welcoming atmosphere.

There was xmas decorations up and a xmas tree, which made the place even more charming.

The Lady:

Kylie is about 5' 6" and a size 10. She has dark blonde hair and blue eyes. Kylie comes from Hungary and she has a warm, cheerful and enthusiastic personality. She is pretty, with a girl next door look about her, the sort of girl you might sit next to on the train or bus, or see behind the counter at Marks and Sparks, girl friend material.

The Story:

Kylie met me at her front door with a warm smile on her face and showed me to her room. When the money was sorted she took me to the shower room, Kylie was wearing a short clingy dress and as she bent over the bath and round the shower panel, her dress rode up revealing a pert bum and thong. All very innocent but sexy, if it was done on purpose it was very well done.

Back to the room where Kylie was waiting on the bed in just her thong, started with DFK and she has a very mobile tongue and tactile lips, wonderful. Next onto kissing her neck and ears, with a gentle chew of the lobes, then slowly down her body to her nipples, licking and sucking with my hand creeping down to her crotch, warm and damp already. Slowly down her body with my tongue, off with her panties and dive in. I lost myself for a while till she came, I dont claim any great skill, I think Kylie is very sensitive.

Now Kylie goes down on me, she looks like butter wouldn't melt in her mouth but she has a tongue that would melt steel. I pull Kylie round so we can go into 69, Kylie comes again and goes mad, my shaft disappears down her throat and I can feel her lips around the root of my cock. I cant hold on and I come in her mouth, she keeps on licking and sucking untill well after Im drained. I dont know if anyone else is the same but after I come the end of my cock is very sensitive, so to feel her lips and tongue was heavenly.

A little rest, a cuddle, a chat, then I give her a massage, then she gives me one. Im afraid theres no round 2, she sucked all the life out of me (what a way to go)we just chatted and cuddled, so I cant tell you what her other services were like, but Im going back to find out. She's on the other site and Im sure her list of do's is accurate, she has gone home now for xmas and wont be back till the

second week of Jan.

To sum up, I dont think Kylie has been doing this for long, she seems fresh and enthusiastic and enjoys what she does. She enjoys being in London with her friends and I think is finding things a bit of an adventure at the moment. I hope she keeps enjoying things and it all doesnt become stale and a chore, it would only need a couple of awkward customers for her to lose her naturalness and become wary.

A total delight to meet this girl.
