The Premises:

Discreet basement flat in a side street near Warren Street tube. Inside was average for a parlour. Bedroom was nice.

The Lady:

Tallish, tanned, curvy, very busty brunette. She wore red matching bra and knickers. She looked a bit larger than her photos suggest, but she looked very sexy indeed.

The Story:

I've wanted to see Francesca for a long time but she always worked far away, so now she is in London I had go along.

Once we were both in the bedroom she got straight into the action. She started by kneeling beside me and kissing the tops of my thighs while I stroked her legs and bum. Then she took her bra off to reveal those wonderful massive tits of hers and presented them to me and I gently squeezed them and sucked her nipples. She started performing oral (without) on me by sucking my balls before taking off her knickers. She then laid over my legs and started sucking my cock during which time she let me rub her pussy. Her technique was superb and was just like a porn star, shoving it down her throat at times, dribbling saliva over it and wanking me a bit and even pushing it into her cheek before making it spring out, I was in heaven. After about 10 minutes of this I so wanted to fuck her, she slipped on the condom and asked me to go on top. She moaned and writhed around a bit and pushed her tits together for me to suck. This was all too much and I soon exploded, maybe a bit early for me, but after a few disappointing punts recently, I wasn't complaining. All in all a I had a very good time with Francesca and left very happy.
